

If you can find a better candidate vote for him.

Because I love Tacoma.

My name is Bill Smitherman, and I am a lifelong resident of Tacoma. I've worked here as a community planner, as Director of the Hilltop revitalization effort, as a schoolteacher, and even as your State Senator in Olympia. Karen and I chose to raise our children here, in this remarkable city we all call home.

As good as our city is, we can do better.

We need to improve the quality of life in our neighborhoods. That means more places for our children and grandchildren to play; more job opportunities for hard-working Tacomans; and solutions to our traffic jams, pollution, and crime.

I'm running for the Pierce County Council because I have the experience and leadership to do a good job for you. I'm asking for your vote on September 14th. Together, we can make a difference.

Proven Leadership. Real Answers.
